MAXILABEL® PRO

General Labeling Software

Announcing the K-Sun LABELShop® 2012XLST-PC with MaxiLabel®Pro Labeling Software, a Windows® compatible desktop and standalone Heat Shrink Tube, Wire Wrap, & General Labeling thermal transfer label printer. The 2012XLST-PC is a new model. It uses industrial K-Sun LABELShop® Heat Shrink Tube, Wire Wrap, and General Labeling Tapes and contains a revolutionary new label tape trimmer called PeelGuard™. This built-in tape edge trimmer rounds label corners presenting a professional appearance and providing peeling protection for more permanent industrial labels. When connected to a laptop or PC, new user friendly MaxiLabel®Pro Software creates the ultimate labeling experience. Users can use their large keyboard and screen monitors to quickly and easily import logos, graphics, symbols, and more into label designs. Or, the 2012XLST-PC can disconnect and be taken out to the job site. It has its own keyboard, display and memory and a convenient built-in handle to make portability and use easier too. It's the ultimate heat shrink tube tool for electrical, lab, shop, plant, or facility.
